March 1st - 15th 2010

(\$40.00 Value—New spring break registrations only)

Quality Before and After School Care

Before and after school care is provided for children in kindergarten through 12 years. Studies show that children perform better in school when they're enrolled in quality preschool, pre-kindergarten and after school programs.

Our early education and school-age programs combine educational and recreational activities, time and qualified homework helpers to complete school assignments, access to special computer programs and a credentialed staff of lead teachers. Tuesday Karate lessons are available. We also have pick up and drop-off available for area schools. Call to find out if we pick up at your child's school.

FREE Registration Fee
When you register your child
in our before & after school program

(\$80.00 Value—New school year registrations only)
